

To Whom It May Concern,

This letter of reference is regarding Darlene Hartung. Darlene facilitates our sketching program here at Woodhall Park Retirement Village. Our residents truly look forward to her coming!

Darlene's programs are always well prepared and set up in such a way to ensure the success of the individual residents regardless of whether they have drawn before or they are true beginners. If a resident has drawn in the past Darlene helps them refresh their skills. Her patience, kindness and gentle nature encourage even the very beginners to draw. The residents are often pleasantly surprised by what they are able to accomplish and eager to come back for more. Everyone comes away from her programs smiling and happy!! In fact I'm hoping to increase the frequency of the program because of the joy it brings to those involved. The residents here are proud of their drawings and love to show them off. The skills they learn allow them to continue to sketch themselves in between Darlene's visits with us.

A genuine interest and concern for the well-being of our Residents is continually reflected in Darlene's relationships with our seniors. She is a wonderful example of kindness, sincerity and compassion. Darlene recognizes conditions in the elderly that require additional care and attention. She is extremely ethical with high standards of conduct.

Darlene's skills, both as an artist and an instructor make her programs a great success!!

I recommend her to you with pleasure and without reservation.
